

IICF UK COVID-19 Revitalising Communities Fund

Give through our industrywide campaign to help decrease the digital divide and make a real difference to people in our local community

Join the Insurance Industry Charitable Foundation in raising £50,000 to help more than 400 families facing digital and food poverty receive vital services and support.

We recognise that recovery from this pandemic is going to take time, is not going to be easy and brings new challenges to our local communities. One such issue is digital poverty. The crisis has deepened the digital divide, creating lost education and opportunity for the country’s most vulnerable and making it more difficult for people to access data and devices to complete online schoolwork, apply for jobs, and receive vital services.

IICF believes the Industry can play an important role in revitalising communities; providing funds, equipment and practical support to disadvantaged people and the charities we support.

How can you help?

Help charities on the road to recovery, and make a real difference to people impacted by digital exclusion: Make a personal or corporate donation through IICF at <https://givi.ng/sohe> or donate used technology equipment.

Where can you donate equipment?

IICF has identified organisations accepting donations of laptops and other technical equipment from individuals and corporates, listed below. IICF does not have a relationship any of these organisations. For organisations accepting donations around the country visit: <https://therestartproject.org/where-to-donate-your-computer/>

Name	Description	Link
Dons Local Action	Can donate technology or purchase tech on a student’s Amazon wish list	https://donslocalaction.org/keep-kids-connected/
Little Lives	Works with local authorities to identify local needs; offers collection services	www.littlelives.org.uk/donate/donate-electronics-free-charity-collection/
Computer for Charities	Wipe data and recycle equipment for charities in UK and abroad	www.computersforcharities.org/donate
Weee Charity	Recycle computers and equipment for donation or resale to charities.	www.weeecharity.co.uk
Pass it On	Based in Edinburgh. Individual and business donations accepted.	www.passitoncomputers.co.uk/what-we-do/how-we-help/how-you-can-help/donate-pcs/
Computer Aid International	Big and small corporate donations to nonprofits worldwide.	https://www.computeraid.org

Proceeds will help address the issue of digital exclusion and provide invaluable support – helping disadvantaged people access food and vital services, as well as providing internet access and technology to help them continue their education and support online.

On behalf of the communities we serve, IICF thanks you for your support.
